CENTERPLATE'S COMMITMENT TO QUALITY

We are very supportive of healthy choices at events by providing a wealth of fresh and varied options that include low calorie, low-salt, low-fat, low-sugar, vegan, and gluten-free offerings, among others. Fresh fruit and vegetables, meatless entrees marketed to the mainstream, and light options are all very popular among our attendees.

Our catering menus include fresh fruit platters, fresh vegetable crudité, grilled vegetable platters, salads, fresh fish, grilled chicken, farm fresh vegetables, whole grain side selections, hummus and carved-to-order roasted turkey, seafood and lean meats.

Our culinary staff is also available to event planners throughout the planning process, and we solicit event organizers to determine the best selections and special options for their guests. We have a wide variety of beverages, snacks, and main course options at every meal as well as retail and grab-and-go. Lean proteins and whole grains are available, as are water and unsweetened beverages. Many of our event services include chef-attended stations in which guests can assemble their own ingredients for preparation, having control over what and how much goes into a dish.

We look forward to serving you!

Sustainability

Centerplate is proud to offer locally grown produce from Ford's produce company. Ford's is the leading distributor for the Raleigh Farmers Market and offers a large variety of locally grown produce items. When menus call for local foods, Centerplate proudly delivers this as a sustainable practice!

Whenever possible, Centerplate donates leftover food products to local missions (such as the Interfaith Food Shuttle and Brown Bag Ministry) for use in their efforts to feed needy families and the unfortunate members of our community. Thousands of such individuals have been positively impacted due to Centerplate's donations. In addition, Centerplate has an excellent relationship with the Food Bank of NC and offers training to those in need in the ways of the culinary arts. To date 100's of second chance individuals have been given the opportunity to be exposed to a variety of cooking techniques that will be very useful in job retention in the community.

Centerplate strives to comply with a 100% biodegradable, fully compostable mandate for all retail or concessions operations. These products include completely compostable cups, forks, spoons, cutlery and plates made from materials such as corn resin and sugar cane. The carbon footprint of these items is helpful to the environment as it provides richness to the earth. In the year 2010 alone, Centerplate used approximately 185,220 eco-friendly products to serve its clients. All products are fully biodegradable in under 180 days, whereas plastic and Styrofoam could take a lifetime.

Centerplate is fully green in their chemicals that are use for all dish-washing and cleaning efforts. From the final rinse capsules in our dish machine to the sanitizer used to keep our surfaces free from bacteria, Centerplate is fully in check with their mission to be a leader in the green efforts of Raleigh.

During the normal cycle of disposal of goods, Centerplate takes extreme care to recycle all materials that are deemed as such. Not only do we recycle all cans, boxes, green clear and brown glass, etc., we also compost leftover food remnants so that we do not overload the landfills with unnecessary trash. The effect of this has shown a great reduction of solid waste removed from the building in the mix of other trash.

On average 2.5 times per week our compost is picked up and taken to a local composting site (2000 lb max per pick up). Once fully composted, it is taken to local farms and replanted toward local NC Agriculture. Centerplate's composting efforts provides approximately 260,00 lbs or 130 tons of compost each year, which would otherwise be sitting in a landfill.

All cooking oil is placed in a container for pick up by a local grease company/contractor. Used cooking oils are then transformed into the ever-growing need for bio-diesel fuel. Grease traps are pumped which results in well over 25,000 gallons of liquid and solid waste being removed from the waste stream.

As a part of the NC 10 Percent Campaign, Centerplate has pledge to spend 10% of their existing food dollars locally. Centerplate chefs are committed to sourcing 10 percent of more seasonal, local ingredients from NC farms.
